Re: 2005 Intereconnected Voice Over Internet Protocol 911 Compliance Letter of  
CordiaIP Corp.  
WC Docket No. 05-196

Dear Ms. Dortch:

I am submitting this letter on behalf CordiaIP Corp. ("Cordia") to notify the Commission that as of January 17, 2006, Cordia is in compliance with the Commission's 911 requirements for interconnected Voice Over Internet Protocol (VoIP) services. In its November 28, 2005, correspondence Cordia notified the Commission that it engaged the services of Intrado, Inc. as its 911 service provider and anticipated full compliance with the Commission's order and the availability of full 911 dialing capability to 100% of its subscriber base by year end 2005. As part of that filing, CordiaIP Corp. committed to cease marketing its VoIP service to new customers and provisioning new customers. From November 28, 2005, until becoming compliant with the Commission's 911 requirements Cordia has upheld that commitment.

Respectfully submitted,

/s/ Maria A. Abbagnaro
